SUMMARY

Innovative and detail-oriented Full Stack Developer with 3 years of professional experience in building scalable web applications and APIs. Proficient in modern front-end technologies like React.js and Redux, combined with robust back-end expertise in Node.js, Express.js, and MongoDB. Demonstrates a proven ability to design and develop reusable components, optimize application performance, and integrate complex systems. With 3.6 years of experience as a coding trainer, skilled in mentoring and fostering technical growth. Adept at collaborating with cross-functional teams to deliver user-centric solutions. Passionate about leveraging the latest technologies to create dynamic and efficient web experiences.

Certified in Full Stack Software Development with practical exposure to agile methodologies, RESTful API design, and deployment on cloud platforms.

WORK EXPERIENCE

Kiezen Soft Tech

Full Stack Developer

June 2022-Present

Working with the React JS library to develop web applications and integrating them seamlessly with Node.js APIs. Successfully contributed to projects like Docufort, Sri Yoga Mandir and E-commerce Application, showcasing expertise in full-stack development and robust API creation.

PROJECTS

[Docufort \(Website Similar to Google Drive\)](#)

- Developed a comprehensive tool resembling Google Drive, enabling users to upload, convert, and edit files dynamically.
- Designed a responsive front-end using ReactJS, Redux, and Bootstrap to ensure seamless user experience.
- Built back-end RESTful APIs using NodeJS and ExpressJS for secure data management with MongoDB.

Technologies: HTML, CSS, Bootstrap, ReactJS, Redux, NodeJS, ExpressJS, MongoDB.

Sri Yoga Mandir (Website for a Hotel/Lodge)

- Created an interactive website for a hotel/lodge where users can explore yoga activities, Indian religion, and Indian philosophy.
 - Designed user-friendly interfaces with responsive layouts using Bootstrap and JQuery.
 - Implemented dynamic content rendering with ReactJS and Redux for a smooth user experience.
- Technologies:** HTML, CSS, Bootstrap, JQuery, ReactJS, Redux.

E-Shopify (E-commerce Website)

- Developed a fully functional e-commerce platform for browsing, filtering, and purchasing products.
 - Integrated payment gateway and real-time cart updates to enhance user experience.
 - Used ReactJS for the front-end and NodeJS with ExpressJS for API development. Managed product data and user information in MongoDB.
 - Ensured responsiveness and accessibility across devices using modern CSS and Bootstrap.
- Technologies:** HTML, CSS, Bootstrap, ReactJS, Redux, NodeJS, ExpressJS, MongoDB.

INTERNSHIP

FULL STACK DEVELOPER

Kiezen Soft Tech

JAN 2022 - JUNE 2022

Worked on diverse projects utilizing technologies such as **HTML, CSS, Bootstrap, JavaScript, jQuery, ReactJS, MySQL, and MongoDB** to develop both **front-end designs** and **back-end functionalities**. Designed and implemented **RESTful APIs** using **Node.js** to handle operations like **creating, reading, updating, and deleting (CRUD)** records within resources. Proficient in working with **MySQL** and **MongoDB** databases to execute complex queries, including **joining tables** and retrieving data efficiently.

Happy Model School

Coding Trainer

August 2008-January 2012

Worked as a Coding Trainer in a CBSE school, specializing in teaching higher classes and holding the prestigious designation of Head of Department. Provided comprehensive training in HTML, CSS, JavaScript, C++, Java, and MySQL, fostering strong technical foundations in students. Recognized for excellence by being awarded as the Supportive Coding Trainer in the Informatics Olympiad Exam, demonstrating a commitment to both academic and extracurricular success.

EDUCATION

Uttar Pradesh Rajshree Tondon Open University , Allahabad

MCA (Master of Computer Application)
(PASSED IN YEAR 2012 WITH 7.5 CGPA)

‘A’ Level from Doeacc Society ,New Delhi

(PASSED IN YEAR 2009 WITH 6.7 CGPA)

CERTIFICATION

Full Stack Software development –

Learnvista Private Limited is Certified by IBM.

TECH SKILLS

Front-end	: HTML5 , CSS3, Bootstrap, Javascript ES13, React JS 17
Backend	: NodeJS 17, ExpressJS 4.17 ,Java 17
Database	: MongoDB 5.0 ,MySQL 8.0
IDE	: Visual Studio Code
Tools and Platforms	: Git(Version),AWS(Deployment),Render(Deployment)
Frameworks	: React-Redux(State Management)
SDLC methodologies	: Agile (Scrum), Waterfall.
